

MAKE YOUR OWN PAPER SHAKER

MATERIALS REQUIRED

- Square piece of paper
- Uncooked rice, lentils, cornflakes

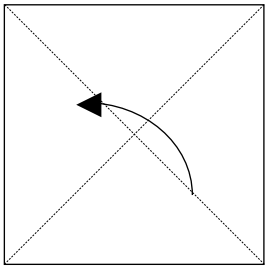

METHOD:

1

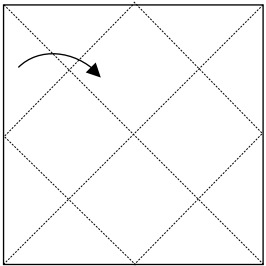

Fold the bottom left corner of your paper to the top right corner and unfold again.

2

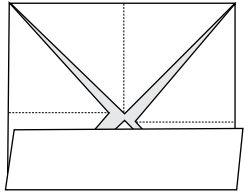

Fold the bottom right corner to the top left corner and unfold again.

3

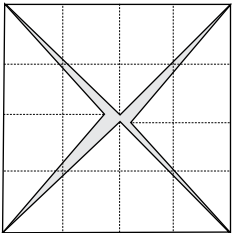

Take all four corners and fold them into the centre of the square.

4

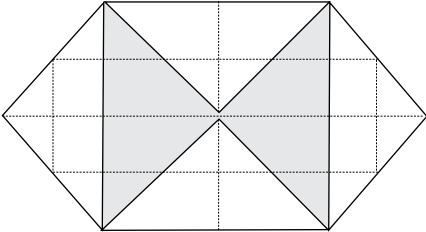

Take the bottom and top side and fold them to the middle. Open it up and do the same with the other two sides.

5

Unfold the creased folds. You'll have lots of folds in your paper.

6

Unfold the left and the right tabs.

METHOD CONTINUED:

7

Fold the top and bottom side to the middle once more.

8

Fold the tabs on each side along the creased lines so they are pointing up and then open again. Then do the same so they are pointing down.

9

Fold the top and bottom side up to make two opposite sides of the box.

10

Fold up the side tabs to make the other two opposite sides of the box.

11

Fold the rest of the tabs into the box.

12

Do this again to create the lid.

Fill the box with uncooked rice, lentils, cornflakes or whatever else you have at home to make your shaker. You can make as many boxes as you want and compare the sounds.
